DETAILED ACTION

1. This action is in response to the communication filed on March 10, 2008. Claims 1 – 7 and 10 – 18 are pending.

Information Disclosure Statement

2. An initialed and dated copy of Applicant's IDS form 1449 is attached to the Office action.

Response to Arguments

3. In view of the amendments to the claims, Applicant's arguments with respect to the rejection(s) of claim(s) 1-7 and 10-18 under 35 USC 102 rejections have been fully considered and are persuasive. Therefore, the rejection has been withdrawn. However, upon further consideration, a new ground(s) of rejection is made in view of amendments to the claims. Please see sections **#4 and 5** for further details. Applicant's willingness to file Terminal Disclaimers with respect to copending applications has been noted.

Claim Objections

4. Claims 1-7 and 10-18 are objected to because of the following informalities: Please expand the acronym HSM. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1-7 and 10-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1 and 11 recite, "transaction request to financial network for authentication". The method can not be requesting financial network for authentication. Examiner suggests amending the claims with the subject matter that is disclosed in paragraph [0016-0018, 0025, 0038, 0046, 0050 and 0056-0058].

Claims 1 and 11 recite, "user input data". How such user input data gets collected from which source is not clearly shown. Examiner requests additional clarification and definition to the claimed limitations "terminal data" and "HSM data".

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. See PTO Form 892.

Applicant is urged to consider the references. However, the references should be evaluated by what they suggest to one versed in the art, rather than by their specific disclosure. If applicants are aware of any better prior art than those are cited, they are required to bring the prior art to the attention of the examiner.
